

Parc Her. Nou, zona compl. Her.-sed.adm.-Malin
cu scorbura la baza-poz. 548

A black and white photograph of a geological outcrop. The rock face shows distinct horizontal layering or bedding. A small, white, rectangular marker with the number '2' is placed on the rock surface. The top of the outcrop is covered with a layer of loose rocks and debris. To the right, there is dense vegetation with large, heart-shaped leaves. In the background, a building with a tiled roof is partially visible.

A black and white photograph of a forest scene. The image shows several large, dark tree trunks in the foreground and middle ground. The trunks are heavily textured, with visible bark patterns and some hollowing or decay. Sunlight filters through the canopy, creating bright patches on the ground and the trunks. The overall atmosphere is somber and aged.

A black and white photograph showing a park area. In the foreground, several large, thick tree trunks are visible, some with rough bark. The ground is covered with fallen leaves and some small plants. In the background, there is a paved area, possibly a parking lot, with several cars parked. A fence or barrier is visible behind the cars. The text "Parc Her. Nou, zona Ficusului-Salcam uscat" and "100%-poz. 543" is overlaid on the right side of the image.
